Phase 0 - Getting Started with SPEDE

Due Jan 31 by 11:59pm Points 100

[Phase 0 - Getting Started with SPEDE.pdf](#) 

In phase 0, you will learn how to work within SPEDE, which will be used in all future phases for the project.

The phase 0 requirements and steps are described in the PDF linked above.

Note:

- [Accept the Phase 0 assignment to github classroom \(click me\)](#) 
- **Download SPEDE image:**
 - [SpedeVM \(click me\)](#) 
- Phase 0 is an individual assignment and must be completed
- Submission steps and requirements are outlined in the linked PDF and must be performed through GitHub
- Improved Spede development on low end systems with SSH
 - [Improved Spede development on low end systems with SSH \(UPDATED\).docx](#)
